

Montanuniversität Leoben, Austria

Scholarships:

It is possible to make use of the Erasmus agreement which is open for 2 students. Students selected can apply for Erasmus scholarships and will not have to pay tuition fees.

Exchange semester: We recommend exchange to Leoben in the 2nd semester. The academic calendar in Austria and Norway is very different.

Choice of courses : Leoben offers several master programs in geology and one within the field of petroleum geology. [More information](#). Language of instruction are English and German.

Please look at "Download information" on the web page for information about topics being offered. Or read the overview of the various programs:

<http://starter.unileoben.ac.at/en/3431/>

For subjects within the master's program in Applied Geoscience:

<http://starter.unileoben.ac.at/en/3431/>

Note that Leoben offers many small subjects/ courses of 1, 2 or 3 credits (ECTS). These are often intensive courses or projects.

Contact your study consultant at your institution for more information and guidance on topics.
