More information about the courses :

<http://catalog.uh.edu/content.php?catoid=14&navoid=3716>

Please note that some courses might have pre-requisite requirements. [This means that you will not be admitted to these courses unless you meet the necessary requirements.](#)

Students traveling to Houston need to be aware that collisions in the timetable might occur. It is therefore necessary to choose more subjects / courses than what you need. Please remember to communicate with your study consultant regarding the course plan at Houston. Students can unfortunately not expect to get a final clarification what courses they are admitted to before arriving in Houston. It is therefore important to clarify as soon as you arrive to University of Houston what courses you have been admitted to.

Please contact the study consultant at the department for more information and questions regarding selection of courses.
