
UNIVERSITY OF ADELAIDE

30 ECTS = 12 units

Information about [Geology at University of Adelaide](#)

For more detailed information please click on : “[Earth Sciences](#)”

How to choose courses/subjects:

<http://international.adelaide.edu.au/abroad/incoming/choosing-a-course/>

Please be aware that some courses/subjects have pre-requisites. In order to be admitted to these courses you need to fulfill the requirements.

A collision in the timetable might occur, it is therefore important to choose more courses/subjects that you need, and please remember to have a close communication with your department regarding courses and your academic plan for the exchange semester.

For more information and questions regarding selection of courses please contact your department student advisor.
